3. Terri Heggemeyer, Director of Career Services, presented the 2015 Graduate Employment Report and explained the process used for capturing the data used in the report.

Data reveals that 99% of the 2015 graduates are employed or are continuing their education, 82% are employed in a field related to their program of study, 88% are employed in Nebraska, and 63% of the 2015 Northeast graduates are employed in our 20-county service area.

The Graduate Employment Report is mailed to area high school superintendents, principals, and counselors, senators, congressmen, etc.
