Faye Kilday
Corinne Morris
Scott Abels

MINUTES

1. The meeting was convened at 1:52 p.m. in Room 1108B of the College Welcome Center by Jeffrey Scheer, Chairperson of the Student Success Committee.
2. Recommended approval of the Minutes of the September 12, 2017 meeting.
3. Dr. Michael Chipps and John Blaylock introduced Foundational Education Redesign as it relates to the Vision 2020 Goal/Board Goal: Increase student success and access. Foundational education is defined as coursework below college-level focusing on reading, writing, and math aimed at teaching students the academic competencies necessary to succeed in college-level coursework.

Foundational education redesign goals include creating a pathway to college-level coursework, reducing the amount of time in foundation education classes, improving retention and completion, and reducing credits and costs for students taking foundational classes.

The purpose of the redesign of developmental education is to change institutional structures, policies, and practices related to developmental education that impede student progress and success.

4. With no further business to discuss, the meeting was adjourned at 2:53 p.m.
