The contents of this handbook were gathered and compiled by the Director of Residence Life for residents’ use and information. All information in this publication is subject to change. It is your responsibility as a resident to read and understand all information in this handbook. This handbook is provided to help you become familiar with our residence halls, services, programs, facilities, policies, procedures, and staff as well as to understand our philosophy and goals while living at Northeast Community College. Each resident of NECC’s residence halls must realize that they have not only certain rights as a resident but also responsibilities. There are three residence halls and two apartment buildings at the Norfolk campus of Northeast Community College. The Apartments house 64 students. Burkhardt Hall, houses 146 students in suites. Simon Hall houses 137 students in micro-suites. Path Hall houses 191 students in suites. Micro-suites are double occupancy rooms connected together by a shared bathroom. Our regular suites, have a common living area with a bathroom that only the residents of the suite access.

**Please see the end of the document for COVID-19 specific policies and procedures. These policies and procedures have been implemented for the fall semester of 2020 and will be reassessed with the guidance of Northeast Community College leadership, public health directives, and government directives.**

Residence Life Policies do not attempt to define every acceptable/unacceptable form of behavior. In situations not covered by specific policies, residents are expected to use common sense, good judgment and conduct themselves in a mature and responsible manner at all times. Residents are responsible for knowing and following all policies, rules and regulations for on-campus living contained in this handbook, as well as information from other sources including:

- Northeast Community College Campus Catalog
- Northeast Community College Student Handbook and Planner (Student Code of Conduct, Student Rights, Responsibilities and Freedoms, and the Student Grievance Procedures)
- Northeast Community College student policies
- Residence Life Staff
- Residence Hall Handbook (Residence Hall policies, procedures, and information)

2 RESIDENCE LIFE STAFF

The department is made up of six full-time professional staff members, five part-time professional staff members, twenty-one paraprofessional staff members.

**Director of Residence Life** - The Director is responsible for the overall supervision, planning, coordination and organization of Residence Life including information services, housekeeping, maintenance, and administrative operations.

**Associate Director of Residence Life** – The Associate Director resides in Burkhardt Hall and is a full-time professional staff member. The Associate Director supervises the student residence hall staff and assists the Director in all Residence Life operations.

**Residence Life Database Specialist** – The Residence Life Database Specialist is located in Hawks Point at the Path Hall Front Desk. The RLDS is responsible for managing the application database, working with incoming students to find on and off-campus housing needs, assisting with roommate matching and hall room assignments, and with coordinating contract offers.

**Residence Life Assistants** - The Residence Life Assistants work during the day and overnight. They help manage the Front Desk overnight and the offices of the Residence Life Department. The assistants are responsible for the Residence Life services such as the computer lab, copy machine, lobby areas, front desk scheduling, student support, and coordinating maintenance.
**Residence Hall Front Desk Clerks** - The Residence Hall Front Desk Clerks, professional and students, provide clerical and supervisory assistance throughout the academic year to help assure the residents' safety and maintain Residence Life policies and procedures. Residence Life staff is available at the front desk to assist residents and visitors 24 hours per day during the academic year when the college is open and most hours during the summer.

**Student Staff** – Are comprised Resident Assistants (RAs). These staff members live in the residence halls and are paraprofessional staff. They are there to ensure a positive living experience for residents while encouraging student achievement both in and out of the classroom.

### 3 Release of Information

Any student wishing to share academic, housing or account information with any third party must, in person, sign a release of information form in the Residence Life office. No non-directory information about a student, their progress/violations/fines/status or other may be shared with anyone outside of Northeast without a signed release (excluding parental/guardian notification of alcohol and drug violations, by those under age 21). This also includes information from an off campus apartment landlord who wants to rent to a student. For these types of situations, student(s) must also provide the office of Residence Life with a release of information signed and turned in before the Director of Residence Life or designee can release any information about the resident to that off campus landlord regarding the resident(s) behavior when they lived in on campus housing.

### 4 Assignment of Housing

Room assignments are made by the Director or Associate Director of Residence Life. Students are not guaranteed assignments based on their preferences on the housing application packet. The Director or Associate Director may reassign residents within and between buildings and rooms as deemed necessary to accommodate the maximum number of students in the most economical way. Students without roommates after the semester begins (due to no-shows and cancellations) may be asked to move to another room. If space is available and if it is deemed an appropriate request, residents in good standing may request a private room. Private rooms are only provided on a semester basis. Should this request for a private room be available and deemed appropriate and approved by Residence Life, the cost of a private room is 1.5 times the amount of dual occupancy cost for that building.

#### 4.1 Residence Life Housing Contract

By signing the Residence Life Contract, residents agree to live in the Residence Halls and accept responsibility for the terms and conditions of the contract. All Residence Life Contracts are for one (1) academic year (10 months) unless previously approved by the Director of Residence Life. All contracts are binding and effective after May 15 prior to the contracted year. Room rates and regulations are subject to change by action of the Board of Governors and administration of Northeast Community College. **Rooms may not be sublet.**

#### 4.2 Consolidation Policy

It is expected that every student has a roommate unless they choose to pay the single room rate (only as space allows). A brief consolidation period will be determined for each new semester in which residents will be required to consolidate or pay the cost of a single room if the consolidation is possible. The Director of Associate Director has the authority to reassign rooms and roommates to consolidate rooms in the best interest of the residence community and the College. Any resident having been deemed difficult to live with due to numerous complaints by roommates, suitemates and/or other residents or a number of reassignments may have their housing contract terminated.
4.3 ROOM CHANGES
No room or room changes will be made in the first two weeks of each semester. After the first two weeks of the
start of the semester, there will be a room change period of four weeks. Changes may be requested only after
the first two weeks of each term and must be approved by the Director of Residence Life.

☐ Complete the Room Change Request form.
☐ Obtain approval from the Director of Residence Life.
☐ Schedule and complete a check in to the new room and complete a Room Facility Inspection form.
☐ Schedule and complete a Check Out form.
☐ Check out of the first room within three days (An improper check out will result in an improper check out
charge).

There will be no room changes made after the room change period has ended, unless for extenuating
circumstances deemed necessary by the Director or Associate Director of Residence Life. Residents must check
out of their original room and check into their new room with residence hall staff. Making an unauthorized room
change will result in a $100 improper check-out fee.

4.4 HOUSING ELIGIBILITY
A resident who falls below twelve (12) credit hours and/or a cumulative 2.0 GPA may lose their eligibility to reside
in on-campus housing. Any resident not living in their assigned room, not attending classes, or who causes
continual conflict within on-campus housing may have their campus housing terminated at the discretion of the
Director of Residence Life. Any student who is terminated from housing will forfeit their security deposit as well
as the entire academic year’s room charge.

4.5 HOUSING TERMINATION
A student may have their on-campus housing terminated for infractions outlined in the Residence Life Handbook.
Each student will receive notification from the Director of Residence Life of their designee stating the reason and
expectations of the termination including date and time of effectiveness. Any resident who has their housing
terminated by Residence Life Staff may not visit the Residence Halls, for any reason, until they have met with
the Director of Residence Life to receive approval.

4.5.1 Disciplinary termination
Any resident who’s housing is terminated for disciplinary reasons will not be eligible to live on campus at
Northeast Community College thereafter.

4.5.2 Nonpayment Termination
A resident who is terminated from on-campus housing for nonpayment, may be eligible to return to
campus housing if they make payment arrangements with the Business Office prior to their residency
AND receive approval from the Director of Residence Life.

4.5.3 Self-elected Termination
A resident who wishes to terminate their contract for any portion of the academic year or summer
sessions will need to do so in writing by filling out a contract cancelation form. The Residence Life Office
will supply a contract cancelation form to students upon request. Any cancelation of contract will be
subject to a $25 administrative fee and/or forfeiture of the deposit, and the remaining room charge for
the academic year.
4.6 MOVE-IN AND MOVE-OUT

4.6.1 Move-in

✓ Make an Appointment. All residents MUST make an appointment with the Residence Life office at least 24 hours prior to their preferred check-in date/time. For fall and spring semester occupancy, the Residence Life Department has set check-in times available to residents on a “first come-first served” basis. All roommates may check in at the same time, but this is not required.
✓ Have your picture taken. On the day of the check-in, each resident must report to the Front Desk where they will have their picture taken, and meet the RA or SA who will do their check-in.
✓ Receive your facility keys and/or key access cards. Each resident will be issued keys and/or a key card for building access. The resident is responsible for those keys and the areas that he/she accesses. Any lost or stolen key replacement charges will be assessed to the resident who checked out the key/key card.
✓ Replacement charges: Keycards- $15, Key-$10, Re-core lock-$30.
✓ Fill out & sign the UFI for the room. Each student has a Room Facility Inspection form (UFI) that needs to be completely filled out. Residents are responsible to make sure the UFI accurately represents the condition of the room by marking each section with either “good” or, if a room has a flaw, a description of the flaw. Any damage/problem with the room must be marked on the UFI at the time of check-in. Check-ins are done by RA/SAs; students should assist with the check in. Each resident is liable for any damage not previously marked on the UFI, other than due to ordinary wear to his/her room and/or furnishings therein. Each resident is responsible for reporting any damage found at a later date immediately to the Front Desk.
✓ Review the Residence Life Handbook. All of the Residence Life policies and procedures are found in the Residence Life Handbook. Residents may go to the Front Desk at any time with questions or concerns. Each floor also has an RA and an SA to assist residents.

4.6.2 Move-out

Each resident MUST do a proper check out by 5:00 p.m. on the last day of his/her finals, or the day he/she withdraws from class. All of the items belonging to the resident who is checking out must be out of the room BEFORE the check-out process begins. The room must also be clean before a check-out will take place. Make sure to notify Residence Life Staff if roommates leave items. Roommate(s)/suitmates should begin cleaning prior to the day of check out. This process is made easy by properly caring for the room. When preparing for check-out, the following should be done:

- Stop by or call the Front Desk (7150) to make an appointment 24 hours before the check-out. You must be on time at the scheduled check out time. Not being on time, as well as not having your room clean for your check out will result in $100 improper check-out fee.
- DEFROST the refrigerator and wipe it out (Simon Hall and Burkhardt Hall residents only). Catch the water in a bucket or pan so it does not run on the carpet. Ask an RA for help if necessary. DO NOT JUST UNPLUG IT AND ALLOW THE WATER TO LEAK ONTO THE FLOOR. No food should remain in the refrigerator. Once done leave the refrigerator door open using the cord.
- WIPE OUT all dressers, bathroom, and desk drawers.
- WIPE OFF all countertops, sink tops, bookshelves, closet shelves, appliances, etc.
- CLEAN mirrors and windows.
- VACUUM carpet.
- SCRUB shower, toilet and floor.
- CLEAR the room of all personal belongings.
- REMOVE any tape, sticky putty, etc. from the windows, doors, walls, etc.
- Contact all businesses, family, and friends who send mail with your new address as all mail received at on-campus housing after checking out will be returned to sender.
- TURN IN your Residence Hall keys and key cards to the RA/SA doing your check-out.
- COMPLETE AND SIGN the CHECK-OUT section of the UFI.

The UFI declares damages/cleaning charges. Your check-out is left open-ended for final assessment until all residents within a room/suite are checked-out, and Staff completes a final walkthrough. A copy of the UFI will be mailed to each student after being processed if fees are over $75. Make sure to print your mailing address clearly.

*Questions should be directed to the floor RA or the Residence Life Office at extension 7150.*

After all residents move out of the room, a Residence Life staff member will go through the room with your original Room Facility Inspection form (UFI) and record any damages that may have occurred during occupancy. Damages are assessed by the Director of Residence Life after all occupants of the room have checked out. Damages will be equally assessed to each resident according to the cost of repair, replacement or cleaning. A partial price listing can be found in the Appendix of this Residence Life Handbook. A formal check-out form will be completed noting any damages assessed, resident’s forwarding address, and resident’s signature. Each resident will be asked to turn in all keys/key cards at the time of check-out. The Residence Life staff member will be the last person to leave the room and will lock the door after everyone in the room has left. *If no check-out is performed within three days of moving out of on-campus housing, Residence Life staff will do an administrative check-out and the student will be charged with an improper check-out fee of $100 and subject to additional charges.*

*There is a $100 fee for improper check-outs and forfeiture of the opportunity to appeal any charges.*

Please inquire at the Residence Life Office regarding cleaning agents to be used to clean the bathroom.

6.13.2.1 Monthly Cleaning Tips for Apartments
*Drain Cleaner* This can be done for kitchen and bathroom sink drains as well as tub/shower drains. It is also an excellent way to keep the garbage disposal fresh smelling and clean.
1) Bring large pot of water to full boil.
2) Pour 1 cup baking soda in drain or garbage disposal.
3) Pour 1 cup vinegar on top of baking soda.
4) While soda/vinegar mixture is at full bubbling stage, pour boiling water through it.
5) Let hot tap water run through drain for a minute or so after that.
**Garbage Disposal Maintenance** In addition to the monthly soda/vinegar/boiling water, the following can be done to maintain blade sharpness and loosen gunk that may be attached to the blades:

1) Turn on garbage disposal.
2) Without water running, add 2 or 3 ice cubes at a time until at least one tray is used.
3) Turn on water and let run for a minute or so.

If the disposal “locks up” there is a reset switch under the sink that should be tried before calling Maintenance for assistance. Push the reset button and then turn on the disposal. If the disposal works, allow plenty of water to run through it. It may be a good time to do the soda/vinegar/boiling water routine and the ice cube routine again.

**6.14 Room Decorations**

Residents are encouraged to decorate their rooms to make it a home with a few restrictions. Be careful when affixing posters, pictures, etc., or decorating for the holidays. days before the drill. Residents are responsible for ensuring that their guests are aware of emergency
procedures. Failure to take shelter during a tornado warning will result in disciplinary action.

7.3.1 Fire Drills
A fire drill is conducted at least twice per semester and provides an opportunity for residents and staff to practice
evacuating the building and to understand the importance of personal safety in the event of an emergency. All
persons in the building must participate in the fire drill and evacuate the building. Residents who do not comply

information on the television, internet or radio

7.4 Missing Student Notification Policy and Procedures
Student safety is a priority at Northeast Community College. When an on-campus resident is determined to be
missing for 24 hours, based on facts and circumstances known to the College, this policy and procedure will be
implemented to assist in locating the Northeast student. This policy is in compliance with the federal Higher
Education Opportunity Act of 2008, section 485 (j). Each Northeast student residing on campus will identify to
the campus Residence Life Office an individual to be contacted by the College in the event that the student is
determined to be missing:

- Students have the option of identifying an individual to be contacted by the College not later than
  24 hours after the time the student has been determined to be missing. Students will provide this
  confidential emergency contact information to the campus Residence Life Office on the housing
  application. The emergency contact will be confirmed at check-in.
- If the student is under 18 years of age, and not an emancipated individual, the College is required to
  notify a custodial parent or guardian not later than 24 hours after the time that the student is
determined to be missing.

NOTE: Local law enforcement will be notified if a student is determined missing regardless of the prior
identification of a contact person.

7.5 HEALTH & WELLNESS CONCERNS
These procedures are designed to enhance the safety and well-being of students who may be at risk of self-harm or suicidal. Health and wellness concerns must be reported to Residence Life Staff or another college employee.

- Students exhibiting suicidal behaviors or expressing suicidal thoughts will be required to meet with a Licensed Mental Health Practitioner (LMHP), such as with the college counselor or someone from the Crisis CARE Line (both are free to students) within 24 hours of the incident.

- Students who are believed to have ingested a harmful substance will be required to go to the hospital and be checked by a physician.
- In the event that an ambulance is called, or a College official believes that there is a direct threat to the safety of a student or any other person, the professional on-call staff member and/or the residence life professional staff will call the student’s emergency contact.

Please stop by the front desk of your residence hall upon your return to campus to schedule this meeting with the Director of Residence Life. Residence Life staff will be able to schedule this for you. During this meeting, the student will provide the College Counselor with documentation that includes a discharge summary and a provider assessment indicating that the student is ready to return to classes and live on campus from the releasing hospital. The purpose of this meeting is to develop a plan for the student to be successful, how to uphold his/her personal safety, and provide resources and support that are consistent with the needs of the student.

It is the student’s responsibility to contact the office of Residence Life if they want copies of any health forms and/or vaccination information. The office of Residence Life will not release this information and/or send this information onto other Colleges or Universities, even if the student requests us to do so. It again is the responsibility of the individual student to request their own copy. Health information copies will only be given to a student requesting in person. Fax, email & phone requests will not be fulfilled due to legal liability issues.

Students who reside within college housing are under contractual obligation to abide by the rules and regulations governing college housing living, as well as by the Student Code of Conduct and all other College rules and regulations governing the conduct of students. The Director of Residence Life may institute penalties such as termination of contract, moving within the same or to a different hall, imposing a behavior contract, restitution, or other appropriate penalties. The student may appeal the decision by following the appeals procedure found in this handbook. This handbook is meant to be a guide for residents in college housing, and these regulations are designed to protect the rights of individual privacy as well as personal and college property. Students need
to be mindful that multiple disciplinary violations will have an accumulative effect. The administration reserves the right to make exceptions to the written discipline procedures if deemed necessary.

15 APPENDIX – COMMUNITY LIVING

Article I. Care of On-campus Housing Assignment

Section 1.01 Clear communication of what is expected from everyone in on-campus housing assignments. This will help eliminate problems throughout the academic year and possibly avoid assessed cleaning charges. Each resident is responsible for cleaning up after him/herself. It is recommended at the beginning of the year that all residents agree upon a system to maintain the cleanliness and upkeep of their unit, such as rotating duties to keep the bathrooms, kitchen, and living areas clean and then put the agreed upon system down in writing in their roommate agreement.

Article II. The following tips help assure safety and security of residents and personal belongings. Northeast Residence Life is NOT responsible for any lost or stolen items on campus.

- Be sure water faucets are off
- Turn off lights and major electrical equipment
- Close the window(s)
- **Lock the door**
- Clean the room, bath, and unit
- Dispose of any food that may spoil
- Dispose of all garbage in the dumpster located outside each of the buildings
- Close the window(s), blinds, and/or curtains
- Double check the water faucets and stool to make sure water is not running
- **ALWAYS LOCK THE DOOR!!!**

Article III. The Residence Life experience will depend largely on the consideration demonstrated by roommates, suitemates, and other residents. Basic roommate rights include:

(a) The right to read and study free from undue interference in one’s room. Unreasonable noise or other distractions inhibit the exercise of this right.
(b) The right to sleep without undue disturbance from noise, guests of roommates, etc.
(c) The right to expect that a roommate will respect one’s personal possessions.
(d) The right to a clean living environment.
(e) The right to free access to one’s room and facilities without pressure from a roommate.
(f) The right to privacy.
(g) The right to host guests with expectations that guests are to respect the rights of the host’s roommate and all other residents.
(h) The right to resolution of grievances.
(i) The right to be free from fear of intimidation, physical and/or emotional harm.
(j) The right to expect reasonable cooperation in the use of “unit-shared” appliances, such as telephone, refrigerator, radio, TV, etc.
(k) The right to ask guests to leave and be removed from the room unit that are violating any of the above rights.
Article IV. A Roommate Agreement will be filled out during the first floor meeting of the fall semester. The agreement will allow all residents of the designated unit to sit down with each other and clearly discuss their living and unit expectations for the academic year.

Article V. To Have a Good Roommate Each Person Must Also Be One.

(a) Be willing to share common ground and be prepared to recognize the needs of another person. To avoid future problems, preferences and priorities should be agreed upon in advance.

(b) Rooming together on common ground does not imply everything is common property. Each roommate has an obligation to respect and protect the personal possessions of the other person.

(c) Decisions must be reached as to what are and are not acceptable living patterns and standards of cleanliness. Roommates must keep in mind that successfully living together is a give-and-take relationship. Expect and be willing to make a few concessions.

(d) Spend time with roommates/suitemates outside the unit. Simple things such as sitting together at a school event or watching TV in the lobby can strengthen relationships. Do things each roommate enjoys, like going to campus events, movies, or working out. These types of activities can make living together more enjoyable.

(e) Make every effort to get to know roommates/suitemates. Find a common ground for conversation such as sports, families, music, jobs, academic or career goals, social likes and dislikes, or anything each roommate enjoys talking about. The better each roommate knows one another, the easier it will be to build and maintain new relationships. Please remember that roommates do not need to be each other’s best friend to be good roommates.

(f) Any resident being deemed difficult to live with due to numerous complaints by roommates, suitemates and/or other residents or because of multiple reassignments may be evicted.

Article VI. Managing Conflict

Section 6.01 Although roommates may get along well, there will be situations in which there are disagreements. The choices made in resolving or escalating conflict will determine the future dynamics of the relationship.

Section 6.02 Do not be afraid to deal with conflict when it arises. Most problems can be resolved quickly and easily if dealt with promptly. Conflict signals a need for change. It also forces the participants to examine situations from another’s point of view, acquire new information, and explore creative and innovative solutions. Learning to resolve conflict can help roommates understand each other and become better friends in the process.

Section 6.03 The RA/SA Team members are trained to help handle conflicts. To discuss a situation, get help planning a conversation, or talking with other residents about a conflict, feel free to contact any RA/SA Team member.

Section 6.04 If a resident experiences difficulty with any of the above situations, or other roommate/suitemate issues, the following steps should be taken: (1) Try to work it out by communicating directly with your roommate or roommates, (2), Talk directly with your RA/SA or SRA; he/she will be able to sit down with all parties to discuss the roommate agreement, revise the agreement if necessary and see what they can do to help resolve the problem. If that option is not successful, and if the concern continues, the resident may make an appointment with the Residence Life Coordinator RLC to resolve the issue after previous steps have been completed.

Section 6.05 Also, the Residence Life Coordinator RLC is available to assist residents with conflict management and resolution. Any resident may make a confidential appointment with the RLC to discuss a conflict and how to resolve it. The rest of the Residence Life staff is also available for assistance.
Article VII. Steps to Healthy Conflict Resolution

(a) Do not ignore or avoid the problem. Frustration will only store up for another day.

(b) Carefully consider the emotional state of both people. Do not bring up the matter if anyone is angry, tired, or upset. If necessary, determine a specific later time for the discussion.

(c) Before discussing the conflict(s), think about the problem and organize what needs to be said calmly. Describe the problem. Try using “I” statements (“I get a headache when the TV is so loud”).

(d) When discussing the conflict, define the problem clearly. Avoid bringing up other subjects or grievances that do not directly relate.

(e) When someone else is expressing his/her feelings, listen carefully and consider his/her viewpoint. Try to keep from thinking ahead for what to say next.

(f) Offer a description of a solution to this conflict. Try to offer at least two reasonable options.

(g) If others have suggestions of their own, be willing to negotiate and stay open to new, creative solutions.

(h) Should the situation deteriorate, do not resort to hostile language or name-calling. The best thing to do is to take a break from each other and try again later.

(i) Remember to treat others as you would want them to treat you.

Article VIII. Developing a relationship takes time; it will not happen overnight. Throughout the year, relationships have the opportunity to grow, provided the lines of communication remain open and honest.

Article IX. Roommates are expected to communicate with each other and be motivated to work at the relationship. Although conflicts may arise, all roommate relationships have the potential to be successful. Take time to actively communicate about each other’s needs. This alone can solve and prevent many problems.

Northeast Community College
2020-2021 Residence Life Housing and Meal Plan Contract Addendum

Northeast Community College aims to deliver its mission while protecting the health and safety of our students and minimizing the potential spread of disease within our community. As a residential student, your housing experience will be impacted by a public health crisis like the 2019 Novel Coronavirus (COVID-19). The below polices and guidelines are incorporated into the residence hall polices and are applicable to all residential students. As always, we will update you with timely information about specific health and safety guidance important for our residential students.

1. Dates of Occupancy
   Due to the change in the academic calendar, the occupancy dates have changed for the Residence Life Housing and Meal Plan Contract. The new occupancy dates are as follows for the Fall 2020 semester:
   a. Friday, August 14, 2020 (by appointment) – Wednesday, November 25, 2020 (5:00 pm)
   All residents will need to vacate Northeast Housing by 5:00 pm on November 25th. There will be no exceptions or opportunities for residents to stay on campus, outside of being quarantined, after this day and time. Any changes to the Spring 2021 occupancy dates will be communicated with all residents prior to their departure on November 25th.

2. Health and Safety
   We expect that all members of the Northeast community – residents, staff, and faculty – act in a manner the demonstrates respect and consideration for those around them, including respect and consideration for the health and safety of all community members. All residential students are prohibited from creating a health and safety hazard within Northeast and the College may request or require a resident to leave Northeast Housing if their continued presence in the housing community poses a health or safety risk for community members. Residential students are required to comply with health and safety orders, ordinances, regulations, and health and safety guidance adopted by the College as it relates to public health crises, including and not limited to COVID-19. This guidance will evolve as the public health crisis evolves and may include, but is not limited to social distancing, limitations on mass gatherings, wearing a face covering, contact tracing, disinfection protocols, restriction of guests in the residence halls, and quarantine/isolation requirements (including before or upon arrival to campus). Adherence to health and safety requirements applies to all residents, staff, and faculty and extends to all aspects of residence life, including bedrooms, bathrooms, community kitchens, lounges, hallways, computer rooms, laundry rooms, and other common spaces.

3. Guests
   Residents will not be allowed to have guests visit their living space (room, suite, apartment, or house) while residing in Northeast housing. Residents may not congregate in public spaces for any extended periods of time. To assist with this, all public gathering spaces will be closed. Residents should not wait for their laundry in the laundry rooms; please put laundry in the machines, set a timer, and return at the end of the wash and/or dry cycle.

4. Limit to Personal Items
   To assist with efforts to keep spaces de-cluttered and ready for move-out in a short period of time, residents may not bring excessive, oversized, or larger items to campus. As you start to pack and purchase items for your assigned space, please note the following items will not be allowed on campus: personal minifridges (provided in rooms for students already), large and/or oversized furniture which includes but is not limited to bulky chairs, recliners and couches, lamps, bookcases or shelving units,
flat screen televisions over 42”, old box style televisions, computer monitors that would exceed 42”, and office desk chairs. This is not an exhaustive list. All items should be able to fit in your vehicle so you can remove all items at the time of move-out.

5. **Quarantine/Isolation/Separation**
   At any time, the College may request or require a resident to relocate to an approved quarantine space or leave Northeast when the resident’s continued presence in the housing community poses a health or safety risk for community members. Residential students are required to comply with requests from Northeast to leave their assigned space due to COVID-19 or other public health and emergency crises; failure to do so is a violation of the residence hall policies and may subject a student to emergency removal from their assigned space. Not all Northeast on-campus housing facilities are appropriate for self-quarantine or self-isolation. Leaving your Residence Life assigned housing location to quarantine or isolate does not constitute a termination of a residential student’s housing and meal plan contract.

6. **De-Densifying Efforts**
   Residential Students are required to comply with de-densifying efforts needed on campus due to COVID19 or other public health emergencies, including but not limited to, the relocation of all or some residential students to alternative housing. Relocation does not constitute a termination of a residential student’s housing contract. In the event Northeast must relocate students as part of de-densifying strategy due to public health concerns for an extended period of time and alternative housing is not available, Northeast will offer impacted students fair and reasonable reimbursement as appropriate and based on information available at the time.

7. **Dining Services**
   Dining Services, including where and how it will be offered to residential students, is subject to the discretion of the College and is subject to modification to address public health concerns. Due to health and safety guidance adopted by the College, Chartwells Dining Services and Northeast may limit the occupancy of the dining hall, limit the amount of time students may occupy the dining hall, or make other operational adjustments needed to address health and safety concerns.

8. **Cleaning**
   Northeast will continue to implement and modify its cleaning protocols to address COVID-19 or other public health emergencies in the interest of minimizing the spread of disease. Northeast will educate and inform residential students on appropriate cleaning protocols within their assigned space to reduce the spread of COVID-19 within residence halls. Students will be responsible for upholding cleanliness standards and regular health and safety checks will be completed by staff members.

9. **Termination**
   Upon reasonable notice, Northeast reserves the right to terminate housing contracts due to public health emergency needs, including COVID-19. In the event Northeast terminates housing and meal plan contracts due to public health concerns, the College will offer fair and reasonable reimbursements for impacted students as appropriate and based on information available at the time.

10. **Hold Harmless**
    By signing this waiver, you agree to release the College, its agents, and employees from any and all damages, liability, claims, expenses, or loss (collectively, “Claims”) resulting from or arising out of your use of space within College housing, including those related to the potential exposure to contagious viruses/diseases like COVID-19, and to indemnify and hold harmless the College, its agents, and employees from any Claims resulting from or arising out of your breach of the terms and conditions of your housing and meal plan contract. You understand that by residing on campus with Northeast, you are assuming the risks associated with communal living and as in any shared living environment, those risks include potential exposure to contagious viruses/diseases, including COVID-19.
