

## FALL SCHEDULE COURSE DELIVERY METHODS

Northeast Community College will be offering Fall 2020 courses in multiple delivery methods. On your fall schedule, you will likely notice changes in the "Location" of classes. Fall course locations will be one of the following options:

### CLASSROOM OR FACE-TO-FACE

A **building and room number** will be listed as the course location on your course schedule. You will report to this building/room on the specific course day and time and your class will be provided in person.

CRN	Subj	Crse	Sec	Cmp	Cred	Title	Days	Time	Cap	Act	Rem	WL Cap	WL Act	WL Rem	Instructor	Date (MM/DD)	Location

### ONLINE

Course location will show as **OLIN**. The course will be offered online through Canvas without the constraints of having to log on at a certain time or be at a certain place. You will need to meet the assignment deadlines outlined in the course syllabus.

You will connect via Zoom for your course at the specific day and time noted on your schedule. You will be able to see and interact with your instructor and classmates in a virtual environment.

### HYBRID

Some courses will be offered combining two of the different course formats noted above. You may have a **building and room number** listed for a certain day/time, but also **OLIN**, which means a portion of the course is taking place online and some face-to-face. The same may be true for a combination of virtual and online.
